## Bone Broth

Functional hydration for dogs and cats. Helps joints and immunity, great for pets recovering

## Uppetizing

Nutrition that takes every meal to the next level

# Hey there!

## We are Loreto & Alejandro

Together,  
we created  
**TRIBUTO**,  
a family-run  
business inspired  
by our love for  
pets and a deep  
commitment to  
sustainability

Since she was little, Loreto was deeply moved by the harsh reality of abandoned dogs in Chile. That passion sparked the dream to create a brand that not only provides wholesome nutrition but also **loves and protects them**. Together with Alejandro, she turned that dream into Tributo, a project built on innovation, quality, and social responsibility.

At Tributo, we use **freeze-drying technology** to turn natural ingredients—like upcycled salmon recovered from the aquaculture industry—into unique, nutrient-rich products. This process not only preserves essential nutrients but also helps fight food waste, contributing to a more sustainable future.

Inspired by our passion for giving dogs and cats a better quality of life, we create **natural, nutritious, and responsible treats & supplements** that also help protect the planet.

# Impact-driven nutrition

OUR PURPOSE

At Tributo, we don't just feed pets, we truly nourish them. We believe in nutrition rooted in natural ingredients, innovative processes, and a sustainable approach.

THE KEY PRINCIPLES BEHIND EVERYTHING WE CREATE

## Nutritious

MORE THAN JUST FOOD,  
FUNCTIONAL NUTRITION

Every ingredient provides real health benefits for pets.

Freeze-drying preserves up to 95% of the original nutrients without artificial additives.

Made with natural, human-grade ingredients, no fillers or unnecessary chemicals.

## Versatile

ONE PRODUCT,  
ENDLESS POSSIBILITIES

Snacks, supplements, and toppers designed for any feeding style.

Can be served dry or rehydrated, depending on your pet's needs.

Suitable for all ages and sizes, making personalized nutrition easy.

## Functional

MORE THAN JUST FOOD, REAL  
IMPACT ON THEIR WELL-BEING

Supports digestive, joint, and immune health with functional ingredients and probiotics.

Highly bioavailable nutrition, maximizing the absorption of essential nutrients.

Rich in Omega-3s, antioxidants, and key amino acids for a healthier, more active life.

## Technological Innovation: Freeze-Drying

Maintains 95%  
of the original  
nutrients

- Natural texture and flavor, no additives needed
- High-quality food with a long shelf life
- Freeze-drying preserves food without refrigeration—just reseal after use
- Our snacks and supplements are 100% natural, thanks to freeze-drying
- Zero artificial ingredients: Natural processes keep the nutritional value intact without chemicals

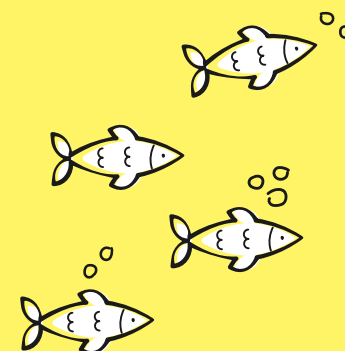

## Circular Economy & Upcycling

### Less Waste, More Nutrition

We rescue functional ingredients instead of letting them go to waste, contributing to a more responsible production model.

### Lower CO<sub>2</sub> Emissions

Using ingredients wisely means less waste and a smaller environmental footprint.

### Salmon Upcycling

We rescue premium-quality salmon that isn't used in the human food industry and turn it into Omega-3-rich treats & supplements.

# Pure Flavor, Tail-Wagging Good!

Say goodbye to the same boring kibble every day! Tributo makes mealtime more exciting, helps you bond with your pet, and provides the nutrition they need.

It's not just natural and healthy—it's downright tasty! We offer a variety of flavors, textures, and formats because every dog and cat deserves food as unique as they are.

Try our fresh salmon snacks, tasty meal toppers, or nourishing bone broth to keep your pet happy, healthy, and excited for every bite!

## REAL INGREDIENTS

THE ULTIMATE TOPPER FOR DELICIOUS, MOUTHWATERING MEALS

### WAYS TO ENJOY

Dry or hydrated

- To hydrate**
- 1 spoon of booster + 3 spoons of cold water
  - Stir and allow to set for 1 minute before serving
  - Add more water to turn into an irresistible brot

Once ready, mix with kibble, spread on a lick mat, or fill treat toys

Important: Avoid hot water, as it can damage probiotics

Resealable and doesn't require refrigeration

# Upetizing

For dogs and cats of all ages and sizes

## Ancestral nutrition in a modern, convenient format

A natural supplement to enhance any type of diet, **made with high-value nutritional ingredients**. Nutrition and flavor in every meal: Upetizing enriches your pet's daily diet while delivering an irresistible taste that will have them licking their whiskers!

### Guaranteed Nutritional Analysis

Protein  
**51%**

Total Fat  
**35%**

Crude fiber  
**3%**

Ash  
**8%**

Moisture  
**3%**

Phosphorus  
**1%**

Calcium  
**0%**

**IMPORTANT**

- If you add Upetizing to their kibble, be sure to remove the same portion of kibble to maintain balance, as this supplement is high in protein.
- If you're preparing a complete meal, follow your veterinarian's instructions.

#### WAYS TO SERVE

**Dry:** 1 tablespoon per cup of kibble

**Hydrated:** 1 tablespoon of upetizing + 3 tablespoons of water. Stir and allow to set for a minute before serving

Resealable and doesn't require refrigeration

UPETIZING

# The perfect way to enrich, upgrade, or transform their meals

Easy to incorporate into their everyday diet
